MAP BY KAJ!

A vibrant, cartoon-style illustration of a cheerful orange house with a grid pattern. The house has a large, smiling face and is holding a purple ice cream cone. A Canadian flag flies from a pole on its roof. The house is situated on a grassy bank next to a winding blue river. In the background, there are green trees and a bright yellow sun with a smiling face. To the left of the house, a pink character is visible. To the right, a purple character with a rocket-like head is peeking over the trees. A red character is also visible near the river. In the foreground, a yellow character is in the river, and a person is in a canoe on the river. The overall scene is bright and happy.
